AIR PURIFICATION

Our patented air filtration systems are designed to turn baby nurseries into wellness sanctuaries, free of pollutants, toxins and other contaminants so harmful to newborns.

COMPANY

AROMATHERAPY

The Sanctuous™ scent-delivery system features advanced diffusion technology that converts essential oils into a fine, dry mist with a strength-adjustable, clean and fresh aroma.

ENVIROMENTAL  
PROBIOTICS

Allergens and other contaminants can be circulated through air ducts into your nursery. Our system releases chemical-free, micron-size probiotics into the air to combat pollutants.

COMPANY

AROMATHERAPEUTIC  
SHOWER SYSTEM

Imagine a bath experience that nourishes your baby's mind and body...and protects baby by filtering out harmful pollutants, then infuses the water with beneficial ingredients.

PAINT & PRIMER

Sourced from natural earth-based plant and mineral components, Sanctuous™ paints create a breathable layer of paint inspired by Mother Nature herself, and are available in a variety of colors.

**LED HEALTHY  
LIGHTING SYSTEM**

See the light...and install a Sanctuous™ system that will support your baby's natural circadian rhythm. Baby-centric LED lights enhance bodily health while improving behavior patterns.
