AIR PURIFICATION

Our patented air filtration system is designed to turn daycare and other supervisory care centers into chemical-free wellness sanctuaries.

THE
WELLNESS HABITAT
COMPANY

ENVIROMENTAL
PROBIOTICS

Allergens and other contaminants can be circulated through air ducts into supervisory care centers.

Our system releases micron-size probiotics into the air to combat pollutants.

THE
WELLNESS HABITAT
COMPANY

WATER FILTRATION

Our independently tested filtration cartridges have been shown to reduce lead concentrations in water up to 99% – providing water that is suitable for drinking and bathing.

THE
WELLNESS HABITAT
COMPANY

PAINT & PRIMER

Sourced from natural components, our plant-based line of Sanctuous™ paints creates a breathable and ecologically friendly layer of paint wherever it is applied. Available in a variety of colors.

THE
WELLNESS HABITAT
COMPANY

LED HEALTHY
LIGHTING SYSTEM

See the light – and install a Sanctuous™ system that will synchronize a child’s natural circadian rhythms with light sources that can be programmed according to the time of day and the tasks at hand.
